Farm Belt Senators Offer Two-Price Plan for Wheat Amendment to Bill

Will Guarantee Full Parity for Crop Sold in U. S.

WASHINGTON (U)—Eight farm belt senators said they have a good chance of winning Senate approval today for a two-price plan for wheat.

Sen. Frank Carlson (R-Kan.) called up for two hours of debate and a vote on a proposal to enact the two-price plan. The proposal was offered as an amendment to the farm bill calling for creation of a \$1,100,000,000 soil bank program.

The Carlson plan would guarantee farmers full parity for that portion of their wheat crop consumed by human beings in this country. That sold for export would go for the market price.

Under the plan, the government would pay farmers the difference between the market price and 100 per cent of parity for that part of their crops earmarked for domestic human consumption.

The two-price program would go into effect for next year's wheat crop if a majority of farmers voted for it in a referendum.

Just before debate opened on the wheat program, Carlson told reporters he believed there was a good chance of getting the support of enough southern senators to insure Senate passage of the amendment. Seven other wheat belt senators joined Carlson as co-signers of the amendment.

There were indications that administration forces would offer little, if any, opposition to the wheat plan. In the past, Secretary of Agriculture Ezra T. Benson has strongly opposed it. But Sen. George D. Aiken (R-Vt.), leader of administration farm forces in the Senate, said he personally wouldn't fight it now.

The Senate Monday voted 78-11 to put a \$25,000 ceiling on individual acreage reserve payments in the proposed soil bank and a \$100,000 limit on annual price support loans to one farmer or farming company.

Backers of 90 per cent price supports lost another effort to get such a provision in the bill. The senate voted down, 56-36, an amendment that would have provided 90 per cent supports to farmers whose support loans didn't exceed \$5,000 a year on corn, cotton, peanuts, rice and wheat.

Icebreaker Leaves 93 Lonely Pioneers in the Antarctic

ABOARD USS GLACIER (via Navy radio—delayed) (March 9) — This Navy icebreaker Glacier steamed eastward toward Little America and home today, leaving behind 93 lonely Antarctic pioneers.

They are the Americans who volunteered to spend six months of seclusion in the barren Antarctic to continue preparations for the first U. S. base at the geographic South Pole.

They will live in four months of darkness between now and October in a land where the wind frequently blows more than 100 miles an hour and temperatures drop to 70 degrees below zero.

Their frosty isolation will not be broken until the first airplane arrives to begin the second phase of Operation Deepfreeze.

The group is composed of 13 Navy officers, 78 enlisted men and 2 civilians, headed by Lt. Comdr. David Canham of Detroit.

Grand Opening Thursday of New Shoe Store

The grand opening of a new shoe store in Harrisburg Thursday was announced today.

Located in the Skaggs building on the north side of the square, it will be known as Jim's Family Shoe store and will be operated by James R. Steele.

Mr. Steele, who came here from West Plains, Mo., said the store is an independently owned business that will carry a complete line of Peter's shoes for men, women and children.

There will be specials Thursday, Friday and Saturday and at the close of business Saturday a grand prize of a 52-piece set of silverware will be given.

All persons visiting the store during Thursday, Thursday night, Friday and Saturday may register without obligation for the grand prize.

The building has been redecorated and remodeled for the shoe store. By moving partitions the floor space of the sales room has been doubled and shelving has been erected to take care of 3,200 pairs of shoes.

The store remodeling, including the installation of a new front, has been done by T. P. Thompson and Sons, Contractors.

Mother of Mrs. G. R. Johnson Dies

Mrs. Rebecca Elizabeth Knight, widow of James A. Knight, died at 7:30 p. m. yesterday in the Lightner hospital where she had been a patient for the past six weeks. She had been in poor health for the last year.

Mrs. Knight was born in Franklin county August 28, 1875. Her husband, the late James A. Knight, died in Dec. 19, 1928, at which time they were operating the general store in Thompsonville. She had made her home with her daughter, Mrs. G. R. Johnson in Harrisburg for the past 25 years.

She leaves the following: Four children: Mrs. G. R. Johnson, Harrisburg; Mrs. Jack Gordon, Mrs. Howard L. Yemm, both of St. Louis, Mo., and James Paul Knight of Cedar Rapids, Ia.; three grandchildren: Mrs. Kenneth Coggeshall, Jerry Knight Johnson and Elizabeth K. Knight; two great-grandchildren, Diane and David Coggeshall, and one brother, W. L. Vaughn, Mason City, Ia.

The body lies in state in the chapel of the Harrisburg funeral home where the funeral will be held Wednesday at 2 p. m. Rev. Joe Morman will officiate and burial will be in the I. O. O. F. cemetery in Benton. The family requests no flowers.

Mrs. Knight was a member of the First Baptist church in Harrisburg.

Paulbearers will be Ed Batts, West Rockford, John Batts, Evansville, Dan Ludlow, John Mathias, Troy Hart and Russell Bartmess.

Marion Firm Low Bidder On Harco Road

Low bidder to construct 2.28 miles of bituminous surface treatment on soil cement base course on Federal Aid Secondary Route 898 from Harco south was the Producers Mining Co. of Marion with a bid of \$75,186.

Construction of this strip will connect Route 13 west of Harrisburg and Route 34 west of Galatia with a continuous stretch of pavement.

The letting last Friday at Springfield revealed that the J. D. Baxter Construction Co. of Harrisburg and the E. T. Simonds Construction Co. of Carbondale combined on a low bid of \$476,752 to do a road project in Cass county.

The project calls for 3.13 miles of concrete base course, 1.10 miles of concrete widening and .25 mile of granular embankment on U. S. Route 67 from Illinois Route 100 near Beardstown easterly to a half mile west of Bluff Springs.

Other low bidders:

Furnishing and installing flashing beacon traffic signals at the intersection of Route 130 with Route 1 in Grayville and at the intersection of U. S. 45 and U. S. 460 south of Enfield — R. Dron Electrical Co., Inc., Granite City, \$2,165.

Johnson county: 3.91 miles of landscaping on U. S. Route 45 from a mile and a half south of Tunnel Hill southwesterly to one and a half miles north of Vienna — Fred Phillips, Springfield, \$20,447.

Paul Barnhill, 61, Dies Suddenly Unloading Cattle

Paul Barnhill, 61, operator of the Barnhill Market on Highway U. S. 45, died this morning at 9:50 while unloading cattle at his farm.

Coroner Elmer M. Gibbons, who made an investigation into the death today, said death was caused, apparently, by over-exertion. He said that he will hold an inquest into the death at six o'clock tomorrow evening at the court house.

The body is at the Gaskins funeral home. Further details will be announced later.

Father of Boy Chewed by Rats Vows To Burn Slum Home if Child Dies

DETROIT (U)—The father of a 5-month old boy who was savagely chewed by rats today vowed to burn his slum home if the child dies.

Empress Connors, an unemployed furnace man, uttered the threat through tears after his son, Nathaniel, was bitten more than 20 times on the face and arm.

The thumb and little finger of one hand virtually were chewed away. The infant's face was raw from bites on his tongue, nose, chin and cheek by the rodents which invaded his crib.

Doctors said Nathaniel's condition was "serious" and it would be some time before they learned whether infection set in. A hospital spokesman said a rat's bite was second in danger of infection only to that of a human.

Connors made the gruesome discovery when he awoke early Monday in his dark, grimy 5-room flat. His wife, Marion, 20, said she fed the baby—who has three brothers

Eight Killed In Crashes of Service Planes

Housewife Blown Out of Shoes When Jet Falls Near Home

By United Press
The bodies of two Air Force officers were recovered today from a Michigan woodland, bringing to eight the number dead in service plane crashes within a day.

An Air Force helicopter was used to bring the bodies of 1st Lt. Arledge W. Suggs, Arlington, Tex., and 1st Lt. Edward D. Parmenter, 23, Bloomfield, Mo., a radar observer, from a heavily wooded area about 40 miles northwest of Wurtsmith Air Force Base near Oscoda, Mich. The jet, listed Monday as missing, was believed to have exploded in flight.

In an Air Force jet crash in Texas, a housewife was blown out of her shoes but not killed, and six crewmembers died in the crash of a Navy Albatross in the Sea of Newfoundland shortly after its takeoff from the base at Argentia.

The plane was bound for the Azores when it went down. Navy crash boats arrived within minutes, but the plane had sunk and there were no signs of survivors. The victims' names were withheld pending notification of kin.

Plane Burrows into Cemetery

Near Victoria, Tex., a jet fighter caught fire at 12,000 feet and crashed near a house with such force that a witness said "it seemed to pull the hole in after it."

The plane hit 20 feet from the home of M. Sgt. Ted Porter, 35, and his wife. She was blown out of her shoes into the bathroom and he sailed into the kitchen door into the backyard. They suffered shock but were not injured.

The pilot, Capt. John E. Gibson, 29, Wilmington, Del., had bailed out when his F100 Super-Sabre jet caught fire. He landed safely six miles away.

A Victoria newsman said the plane burrowed about 60 feet into a cemetery, driving itself out of sight.

Rites Wednesday 2 p. m. for Mrs. Tony Travelstead

Funeral services for Mrs. Minnie Travelstead, 75, resident of 714 West Sloan who died at 11:20 a. m. yesterday at the Lightner hospital, will be Wednesday at 2 p. m. at the Gaskins funeral home. The Rev. J. D. McCarty will officiate and burial will be in Sunset Lawn cemetery.

Mrs. Travelstead entered the hospital Saturday morning. Death was due to a cerebral hemorrhage.

She was the daughter of the late Mr. and Mrs. Elijah Gibbons and was born in Saline county April 14, 1880. On May 18, 1898, she was married to Tony Travelstead who passed away Oct. 22, 1937.

She is survived by one daughter, Mrs. Bob (Bea) Rose of West Sloan; two brothers, Charles Gibbons, Harrisburg, and Howard Gibbons of Mountain View, Mo.; one sister, Mrs. Callie Williams, Harrisburg, and a stepdaughter, Mrs. Lizzie Asbell of Harrisburg; also a number of nieces and nephews. A son, Buster Travelstead, preceded her in death on Oct. 19, 1953.

The family for many years operated the grocery store on West Sloan street.

Paulbearers will be Leonard Dron, Winston Gidcomb, James Pearcey, George Connors, Cecil Abney and Virgil Ferrell.

Songwriter Dies

under four years of age—at 2 a. m. and noticed nothing wrong.

Policemen described the second-floor rear flat as a "filthy hovel." They said the dwelling, one of four in the building, was unpainted and littered with debris.

Mrs. Connors was held for investigation of neglect.

Connors said he had complained about rats to the landlord, Ben Magid, and was given some powder and wood fabric and wire to plug up the holes.

"If my baby dies, I'm going to burn that place down."

Magid said he had arranged for repairs which were to begin this week. A workman was on the job Monday—fixing another dwelling which had been damaged by fire nearly a month ago.

Robert L. Hansen, a Health Department inspector, said he would recommend that Magid repair the building within 30 days or vacate the premises.

Army Plans to Close St. Louis Ordnance Plant

WASHINGTON (U)—The Department of the Army has announced that it plans to discontinue production at the St. Louis Ordnance Plant about Jan. 31, 1957.

Col. J. E. Bastion Jr. informed Sen. Thomas Hennings and Rep. Frank Karsten of Missouri that the plant will be placed on a stand-by basis when present production schedules are completed.

Bastion is the Army's deputy operations chief for legislative liaison.

"Current military requirements for small arms ammunition do not require any extension of current production schedules," he wrote the legislators.

The plant employs some 2,100 persons. Bastion said that employment level will be maintained at a fairly consistent level through December.

County Court To Resume; Dispose of Cases

State's Attorney Robert V. Wilson today said that county court would be resumed tomorrow morning with Judge Trafton Dennis presiding.

Court, with a jury on hand to hear cases, started yesterday. There was one plea of guilty and other cases set for yesterday and today were disposed of.

Pleading guilty was George Fletcher of Eldorado, who was sentenced to 90 days in the county jail and was fined \$200 and costs for driving while intoxicated.

Wilson announced disposition of other cases as follows:

Jimmie Johnson, charged with writing a fraudulent check, has been returned to Oklahoma to face a forgery charge; Donald King, charged with fornication, dropped; Jess Leithaler, vagrancy, already has served his time; Joe Woodside, charged with writing fraudulent check, nolleed with leave to reinstate as subject now in Vandalia;

Arleena Donovan, charged with writing fraudulent check, paid off check here and dismissed, but subject sentenced at Decatur on similar charge; Ernest Bryant, already in Vandalia; Alvin Tarlton, in Vandalia; People vs. Oval Hankins, to be nolleed;

Wayne Bridges, charged with illegal sale of alcoholic liquors, to be tried later but continued because of illness of Atty. A. O. Boswell; Ted Warren, charged with driving while intoxicated, continued because his attorney, Ralph Harris, tied up in Williamson county circuit court.

Wilson said other cases where Boswell is the defendant, also have been continued, as follows: Gene Shelton, charged with extortion; Gene Shelton, charged with assault; and People vs. Dudley Cole. One defendant, Thornton Hollister, charged with molesting boys, is in an institution. Two charged with violating state garbage laws, Clyde and G. B. Tucker, previously pleaded guilty.

Cases that probably will be tried, Wilson stated, are:

Jane Daniel, charged with driving while intoxicated; Russell Gohlbur, charged with receiving stolen property; W. W. Raley, charged with illegal sale of alcohol; James R. Henshaw, charged with petit larceny; James Luster, charged with driving under the influence of alcohol; W. M. Winters, charged with bastardy; Paul Whitehouse, charged with driving under the influence of alcohol; Clara Whitehouse, charged with illegal possession of alcohol for the purpose of sale; and Lynn Cable, charged with driving while intoxicated.

Saline County Women's Democratic Group Endorses Regular Ticket

The Saline County Women's Democratic organization has endorsed the regular state Democratic ticket headed by Richard Stengel for U. S. senator and Herbert Faschen for governor in the April primary election.

The action was taken at a meeting of the organization held last Thursday night at the court house. Mrs. Maude Curry of Eldorado, chairwoman of the organization, presided.

Speaker was Irma Igoe of Mt. Vernon, state chairwoman for the Southern district of the state women's organization.

New Hampshire Votes In Primary; Main Fight By Stevenson, Kefauver

MANCHESTER, N. H. (U)—About 120,000 voters got to the polls today in the nation's first presidential primary.

The principal battle was between Sen. Estes Kefauver (D-Tenn.) and Adlai Stevenson, 1952 Democratic Party standard bearer.

The nation also waited to see how this state's voters felt about Vice President Richard M. Nixon as a candidate for re-election.

Early today the town of Millsfield gave Stevenson the only two Democratic votes cast. Two Republican votes went to President Eisenhower who also received five of the six votes cast at Ellsworth.

Both Nixon and Sen. Styles Bridges (R-NH) received one write-in vote each at Ellsworth. One voter failed to signify a presidential choice.

Late Monday night Kefauver made an 11th hour appeal for support and said he regretted the absence of Stevenson during primary campaigning.

Cites Adlai's Absence

"I'm particularly sorry that Mr. Stevenson did not choose to come to New Hampshire personally. I think it would have done him good to campaign in the only primary contest in New England," he said.

He also told a television audience that he did not have Stevenson's "monetary sources," the support of strongly entrenched "political organizations," or as many "big political names" on his side.

"You may be sure that if I am the Democratic nominee, I am going to campaign to bring this state into the Democratic column," he said.

Kefauver, in his third visit to the state, toured factories and shook hands with voters in a dozen

Propose World's Tallest Skyscraper at Clayton, Mo.

ST. LOUIS (U)—The St. Louis County Council has before it a proposal to build a skyscraper in Clayton that would be 18 floors taller than the Empire State Building in New York City.

In addition, the proposed 200-million dollar structure would have 18 underground levels for parking.

Ira Fleischmann, an attorney and president of Andabon Investment Co., which proposes to build the structure, says it would house a department store, law school, radio or television studios, and a hotel, and would have a heliport attached to the side.

Clayton city ordinances now limit buildings to five floors.

communities despite a bandaged hand cut in a hotel room accident.

The Tennessee Democrat, who upset President Truman in the preference poll here four years ago, Monday night urged supporters to cast votes only for the 12 delegates — two in each district and eight at large — listed as "pledged" to him.

"Remember the word 'pledged,'" he said. "Do not vote for those marked 'favorable' to me."

Kefauver predicted Monday that he would win more than half of the state's delegates to the national convention. Stevenson supporters said that if they won only two delegates, they would seriously damage the Tennessee senator's prestige and probably end his hopes for the Democratic nomination.

President Eisenhower, who won his first political victory here four years ago against the late Sen. Robert Taft, was expected to sweep the 14-member GOP delegation without difficulty.

Kefauver and Mr. Eisenhower were alone in the preferential side of the primary which has no binding effect on delegates.

There were no candidates entered for the vice presidency and there was speculation that write-in votes might indicate the present popularity of Nixon.

Gov't to Buy Grain Storage Bins

WASHINGTON (U)—The Agriculture Department today announced plans to buy enough new grain storage bins to hold 100-million bushels of grain.

The department said the new bins are needed to ease an "acute" storage problem, which will arise when the government takes over part of the 1955 corn crop and other grains this summer and fall.

It said the 300 million bushels of 1955-crop corn under government loan by Feb. 15 indicates a "major storage problem."

The government already owns bins with 884 million bushel capacity and has another 85 million bushels of grain stored in mothball fleets of ships on the West and East coasts.

Stoppes Rites at Vienna Wednesday

Funeral services for Mrs. Gertrude Stopps, grandmother of Mrs. Stanley Wilson Jr., who died Sunday morning at her home in La Grange, Ill., will be Wednesday at 3 p. m. at the Vienna Baptist church. The pastor, Rev. R. F. Richardson, will officiate and burial will be in the Vienna Fraternal cemetery.

Will Continue Present Rates Another Year

Extension Asked By Eisenhower; Senate to Act

WASHINGTON (U)—The House voted overwhelmingly today to postpone for another year beyond April 1 a scheduled drop in taxes on corporations and on such consumer products as beer, whisky and cigarettes.

Passage was by a roll call vote of 368-4.

The measure was brought up under a procedure which barred amendments and required a two-thirds vote for passage.

The measure, which now goes to the Senate, would continue at 52 per cent the present tax on corporation income which otherwise would drop to 47 per cent on April 1.

The one-year extension was requested by President Eisenhower. It would postpone for one year—to April 1, 1957—tax reductions scheduled under present law that would cost the government \$3,200,000,000 a year in revenue.

Simultaneously, a House Ways and Means subcommittee recommended levying new taxes on tape and wire recorders, record players, tubeless tires and gas-operated garbage disposal units.

The subcommittee also proposed that parochial and non-profit schools be granted exemption from payment of most excise taxes. The recommendations were included in a report calling for numerous changes in excise tax law.

Senate to Act Promptly

The tax extension bill is assured prompt action in the Senate.

Unless it is enacted before April 1, excise taxes on liquor, cigarettes, gasoline and automobiles, trucks and other automotive equipment will be reduced automatically.

There was little debate and no controversy as the House passed the measure.

The corporation and excise taxes scheduled to drop to lower levels on April 1 were levied as a temporary measure during the Korean War and have been continued since then. Mr. Eisenhower warned Congress they must be continued for another year to avoid throwing his budget out of balance.

In addition to whisky, beer and cigarettes, the products on which present rates were automatically scheduled to decline April 1 include wine, gasoline and diesel fuel, passenger cars, trucks, buses and truck-trailers, and auto parts and accessories.

The tax extension bill will be subject to amendment in the Senate. A bipartisan group of 11 senators already has served notice that they will try to revamp the corporation rates—raising them for big corporations and lowering them for modest-size firms.

Jesse L. Wade, 74, Former Resident Of Ridgway, Dies

Jesse L. Wade, 74, former resident of Ridgway but late of St. Louis, Mo., died Monday morning in the Barnes hospital in St. Louis.

A brief service will be held Wednesday at 9 a. m. in St. Louis after which the body will be brought directly to the Asbury Methodist church near Ridgway where services will be held at 2 p. m. Wednesday. Rev. Fred Statler and Rev. Joseph Harris will officiate and burial will be in the church cemetery. The Cox funeral home of Ridgway is in charge.

Mr. Wade leaves two sons, Frank Wade, Indianapolis, and Wilson Wade of St. Louis, and five daughters: Mrs. Edith Stroud, Mrs. Carmen Patton, Mrs. Gayle Vowels, all of St. Louis, Mrs. Nola Williams, Charleston, Mo., and Mrs. Ferné Below, Wyatt, Mo.

Easter Seal Campaign Begins; Will End April 10

New timing for the 1956 Easter Seal campaign in behalf of crippled children was announced today by Clyde L. Choate, Anna, president of the Southern Illinois Association for the Crippled, Inc., the Easter Seal Society in the 33 southernmost counties of Illinois.
Choate said that the annual appeal which marks 35 years of service began March 10 and will continue to April 10—extending nine days after Easter to avoid conflict with other fund-raising campaigns also scheduled at that time.
Previous Easter Seal appeals closed on Easter Sunday, opening a month before that date.
The year's colorful messenger for crippled children will reach more than 150,000 residents in the 33 county area when mailing begins March 9th, Choate said.
Designed jointly by Otis Shepard, art director and Hubert Nelson, assistant art director of Chicago's Wm. Wrigley, Jr. Company, the 1956 Easter Seal is bright blue and red. A white lily, symbol of the Easter Seal Society, and a crippled child, make up the highly stylized modern design for the Seal with the words "Easter Seals Help Crippled Children."
Contributions to the campaign will be used in southern Illinois to

The Washington Merry-Go-Round

By DREW PEARSON

DREW PEARSON Says: Eight Congressmen To Be Indicted.

WASHINGTON.—Attorney General Brownell is launching some bare-knuckle crack-downs on congressmen—all of them so far Democrats. In the next two months he plans to indict approximately eight congressmen, possibly more for income tax evasion.

The first of these cases came to a head before a grand jury in Boston last week when Democratic Congressman Thomas Lane of Massachusetts was indicted. Others on Brownell's list include two from the South, one from California, two from Pennsylvania.

One congressman whom Brownell has had the ax out to get is William Green of Philadelphia, boss of the Democratic machine in a city which has been Republican-controlled almost ever since the Civil War, but which has been Democratic for the past five years. Green, who is the Philadelphia Democratic chairman, has had his taxes gone over with a fine-tooth comb, during which the tax agents found he had failed to chalk up \$1,200 from the sale of a lot.

Green stated to this column that it was an honest oversight made by his bookkeeper. Whether Brownell's boys will view it that way is something else again. Significantly, Brownell also cracked down on one of the potent Democratic leaders of West Virginia, Homer Hanna, with an income tax indictment last week—just as West Virginia Democrats were trying to pick a successor to Senator Harley Kilgore. Hanna has picked a lot of senators in the past.

Note—Democratic income tax administrators were more lenient—too lenient. When the attention of Commissioner Joe Nunan was called to the fact that Senator Joe McCarthy was found to be \$3,000 off by Wisconsin income tax officials, Nunan observed: "Oh, we wouldn't bother a senator who was only \$3,000 off." Nunan himself, later ended in jail. McCarthy was given a clean tax bill by Re-

GAS LOBBY

One month has now passed since Senator Lyndon Johnson of Texas, Senate Democratic leader, lashed out at Republican Senator Case of South Dakota for impugning the integrity of the Senate. "The good name of the Senate," he proclaimed, "must be protected."

Since then various moves and counter-moves, stalls and counter-stalls have been made in the process of protecting the fair name of the Senate, but its name remains even less protected than on the day McKay Senator Case opened wide the Senate Pandora's box of political contributions.

CONFLICT OF INTEREST?

A possible conflict of interest lurks behind the scenes in the sudden opening up of the nation's wildlife refuges to oil and gas leasing after 50 years of resisting the oil companies.

An ex-official of the Interior Department, Harry J. Donohue, former aide to Assistant Secretary for Public Land Management Wesley D'Ewart, has now gone to work for an oil company. Donohue left Interior within a few days after new regulations were issued opening 252 wildlife refuges to oil and gas operations. He has accepted one of his first clients the Toklan Oil Corporation.

Interestingly enough, the Toklan Oil Corporation has an option on 20 oil-lease applications that were filed with the Interior Department by a speculator way back in 1951. To date the Interior Department has refused to grant the leases. The lands involved are in the lower Souris National Wildlife Refuge in North Dakota, one of the prize refuges opened to commercial oil operations while Donohue was still in the department.

Queried by this column as to whether he would be barred from representing the Toklan Oil Corporation in view of his recent connection with Interior, Donohue replied: "I don't think so." "I've looked over the regulations," Donohue said, "and generally speaking, a former employee is only barred from defending a case involving a claim against the United States government. My clients are only interested in oil leases, and they don't constitute a claim."

Fact is, however, that Interior's rules of practice prohibit a former official from practicing before the department "with respect to any matter which he personally gave consideration or as to which he personally gained knowledge while serving as an officer or employee of the United States . . ."

Under the rules, Donohue can represent Toklan Oil if he gets the okay of the department's solicitor. He has just applied for such per-

mission, and it will be interesting to see whether Solicitor Armstrong decides that there is a conflict of interest involved, or whether he grants approval on the grounds that Donohue neither "gave consideration to" nor "gained knowledge" about oil leasing in wildlife refuges while he was with Interior.

MERRY-GO-ROUND

Secretary of the Interior McKay hasn't held a single, solitary press conference since May, 1953. That's almost three years. Harold Ickes, who kept a disagreeable though watchful eye on the public domain, held press conferences once a week, sometimes oftener. . . . Maybe McKay doesn't want to be cross-examined about how he let part of the Rogue River Forest slip through his fingers. . . . Attorney General Brownell hasn't held a press conference since Oct. 21, 1955. That's nearly five months. He also ducked eight invitations from Senate committees to testify, finally was put in such a hot spot that he did appear before the Judiciary committee on Dixon-Yates. . . . In England, it's a tradition with important families to go into government service for the good of the empire. The tradition isn't followed to the same extent in the U. S. A., but the U. S. A. would be better off if it was. So, congratulations to Ralph Gardner, son of the late O. Max Gardner, governor of North Carolina. Ralph has given up a lucrative law practice in Washington to run for Congress in the 11th district of North Carolina. He should make a tip-top public servant.

Polish Red Leader Dies

Boleslaw Bierut, Former President, Dies in Moscow

MOSCOW.—Boleslaw Bierut, the veteran Polish Communist who rose from newsboy to president of Communist Poland, died in Moscow Monday night following a heart attack. He was 63.

News of Bierut's death was announced shortly after noon by Moscow Radio's home service. The Polish news agency PAP had announced it earlier from Warsaw.

Bierut held the post of first secretary of the United Polish Workers (Communist) Party at the time of his death. He had served Poland both as premier and president in the days after World War II.

His body was lying in state in the Hall of Columns of the Soviet House of Trade Unions and top Soviet leaders were expected to pay their last respects in the black and red draped hall.

Return Body to Poland

A Polish delegation will fly here from Warsaw Wednesday to take the body back to Poland for a state funeral.

Twenty top Soviet leaders headed by Soviet President Kliment Voroshilov and including members of the Communist Party Presidium signed a statement of condolence lauding Bierut's contribution to the Communist movement.

Bierut was the second top foreign Communist to die in Moscow

Audit Shows State Fair Deficit

SPRINGFIELD.—An audit today revealed a deficit of \$643,269 in operations of the Illinois State Fairgrounds for the year through last Oct. 31.

The deficit in 1955 was about \$37,000 greater than the deficit in 1954.

The audit, released by the state auditor's office, was made by F. M. Mersinger & Co., certified public accountants. The 1954 deficit was \$657,190.

Total receipts for the 1955 fair were \$693,718, compared with \$657,190 in 1954. Other income at the fairgrounds for the year totaled \$28,507, compared with \$54,067 the year before.

Direct fair expenditures for 1955 were \$440,348 compared with \$415,029 in 1954.

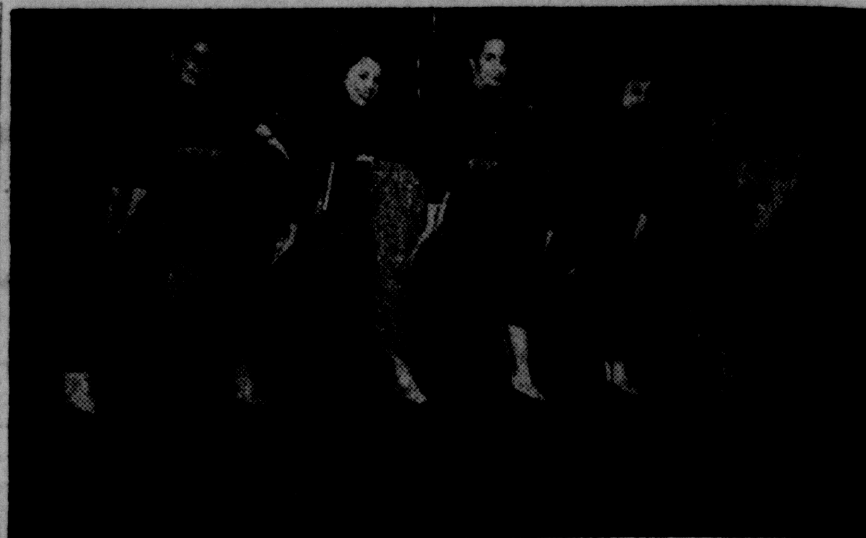

Other fairgrounds expenses totaled \$747,519 in 1955, and \$733,277 in 1954.

In the past few years, Czech President Klement Gottwald died here in 1953 from pneumonia after attending the funeral of Josef Stalin.

COMING OUT—This black five-dollar stamp honoring Alexander Hamilton goes on sale at Paterson, N. J., on March 19. Likeness of Hamilton was reproduced from a photograph of a painting by John Trumbull. The painting is from the Mellon collection in the National Gallery of Art, Washington.

Martin Van Buren, the eighth president of the United States, was nicknamed at various times as "Red Fox of Kinderhook," "the American Talleyrand," and "Little Magician."

FALSE TEETH That Loosen Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little **FASTEETH**, the alkaline (non-acid) powder, on your plates. Hold false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor" (denture breath). Get **FASTEETH** at any drug counter.

Mrs. Frank Chamness, who had not made satisfactory recovery from a broken hip, suffered in a fall several months ago, underwent surgery at Welborn Memorial hospital in Evansville Monday for additional correction at the point of injury. Mr. Chamness and others who were in Evansville with her, returned Monday evening and reported she was doing as well as might be expected.

Science Shrinks Piles New Way Without Surgery

Finds Healing Substance That Does Both—Relieves Pain—Shrinks Hemorrhoids

New York, N. Y. (Special)—For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all—results were so thorough that sufferers made

astounding statements like "Piles have ceased to be a problem!" The secret is a new healing substance (Bio-Dyne)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form under the name **Preparation H**. At your druggist. Money back guaranteed. Reg. U. S. Pat. Off.

Carsa Hedger Hostess To McKinley Circle D
Circle D of the McKinley Avenue Baptist church held its regular meeting recently at the home of Carsa Hedger.

The meeting was opened with the song "Every Day With Jesus." The program theme was the Annie Armstrong offering. Myrna Fife gave the devotion after which prayer was offered for the missionaries.

Barbara Crabb gave the topic "Alaska"; Myrna Fife talked on "Cuba" and "Panama" was given by Carsa Hedger. Each topic was followed by a prayer. The meeting was closed with a seasonal prayer.

Refreshments of cake, whipped cream and coffee were served to those mentioned and to the following: Jean Followell, Betty Arms, Betty Frantz, Betty Pool, Juanita Pickford, Fonda Stout and Aleta Pankey.

SFC. AND MRS. DON E. BRISCO following their marriage Feb. 22 in the chapel of the First Methodist church in Harrisburg. Rev. W. L. Cummins officiated. Mr. and Mrs. Hillis Stokes were the only attendants. The bride is the former Miss Carolyn Luther, daughter of Mrs. Georgia May Luther of this city, and George W. Luther of Detroit, Mich. The bridegroom is the son of Mr. and Mrs. Riley F. Brisco of Houston, Texas. The couple is now residing at 111 South Main street in Hopkinsville, Ky.

Births

To Rev. and Mrs. Donald Dunning, RFD 1, Stonefort, a boy named Lester Wayne, weighing seven pounds, born March 12 at the Harrisburg hospital.

A son to Lt. and Mrs. Richard E. Spears, born March 12 at Falmouth, Mass. The baby, weighing eight pounds, eight ounces, has been named Matthew Lee. The paternal grandparents are Mr. and Mrs. Earl Spears of Carrier Mills.

Boy Kills Self Before Sweetheart

ATLANTA (U)—John Phillips, 17, met his 15-year-old sweetheart in a forbidden tryst Monday, drew a .38 caliber pistol and calmly assured her:

"This is going to be real easy. I won't even feel it." Then, as the horrified girl protested in vain, police said, Phillips grasped the pistol in both hands, pulled the trigger and fell dead. Her father had forbidden their romance because of his reckless driving, she told police.

Billy Graham Film At First Baptist Church March 18

Billy Graham

"Oiltown, U. S. A.," released by Billy Graham Evangelistic Films, will be shown in Harrisburg Sunday, March 18, at the First Baptist church.

There will be two showings of the film, the first to be at 7 p. m. and the second at 8:45. The second showing will be especially for people coming from other churches. There will be no admission charge.

Evangelist Graham amazed the entertainment and religious world with the world's first Christian western film, "Mr. Texas." More than 5,000,000 persons have seen the film in its first two years of showings, and the Graham organization reported that over 135,000 persons made "decisions for Christ" through the ministry of the picture during the first twelve months of showings.

"Oiltown, U. S. A." was filmed during Graham's crusade in Houston, Texas, and features the young evangelist and his Team in their meetings in Rice stadium where the attendance was as high as 60,000 for a single service.

Featured in the 94 minute, full color film, are Colleen Townsend Evans, Paul Power, Robert Clarke, Georgia Lee, Ralph Hoopes, and the stars of "Mr. Texas," Redd Harper and Cindy Walker.

Ribe, Denmark, was famed in medieval times for its "code of justice," says the National Geographic Society. Under the code women were given preferential treatment. One ruling was, "a woman who has stolen and is subject to be hanged, shall, instead, be buried alive because she is a woman."

Fills Bond

Robert Davis, who lives south of Harrisburg, pleaded innocent this morning to a charge of driving under the influence of alcohol when arraigned before Police Magistrate Vern Joyner Jr. and filled bond for appearance March 27. He was arrested last night in the east part of town by Patrolmen Link Rann and Harvey Vineyard.

Earth Tremors In Illinois Areas

TABLE GROVE, Ill. (U.P.) — Weather observer C. A. Hammond reported earth tremors and a rumbling sound lasting about 20 seconds today rattled windows and startled residents here.

The same effects were reported at Canton 26 miles northeast.

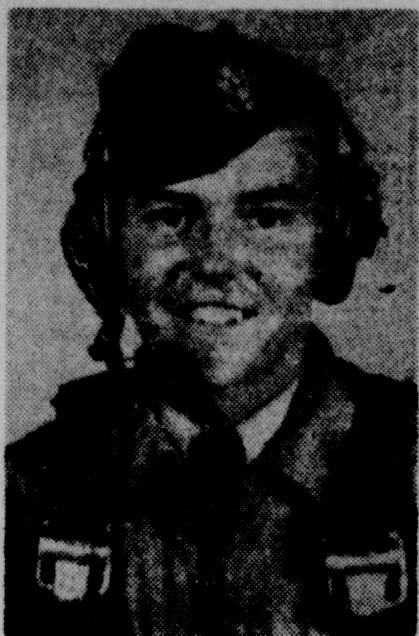

The disturbances occurred at 9:05 a. m. Hammond conceded it could have been a jet plane breaking the sound barrier, but the

Weather Bureau at Springfield said the Civil Aeronautics Authority knew of no plane in the area at the time capable of such speed.

State police district headquarters at Macomb said there was no explosive blast at any time and Fulton County coal mines reported no blasting today.

The Weather Bureau at Springfield said records showed nine reports of earth tremors in the Springfield area since 1905.

Cadet Chambers is now stationed at Bryan Air Force Base, Texas, where he is undergoing his final 20 weeks of single engine jet training prior to receiving his silver pilot's wings and second lieutenant's commission in the United States Air Force.

Launch Balloon With Size of Football Field

IOWA CITY, Iowa (U.P.) — Scientists launched a "Skyhook" balloon the size of a football field today after a one-hour delay caused by a curious crowd and a slight wind change.

The mammoth bubble was sent aloft at 7:47 a. m. CST with equipment trailing from cables.

Persons crowding in close to the balloon caused a slight delay. When workers were ready to free the moorings, the wind had shifted slightly and the giant balloon had to be turned 7 degrees in direction before it was launched and carried away by a northeasterly wind of about 11 miles an hour.

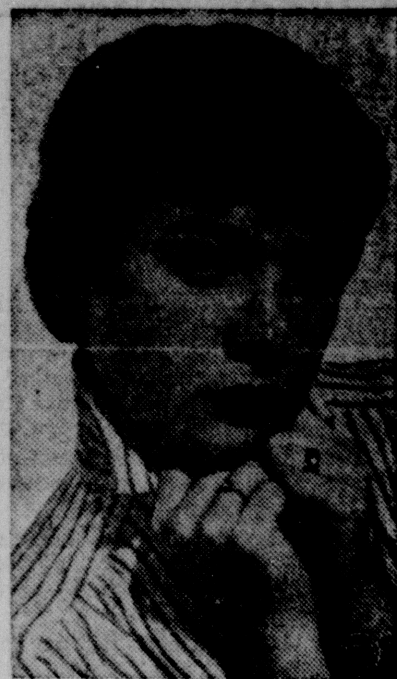

The balloon was to soar to the edge of the earth's atmosphere, where four "packages" of newly devised equipment will measure the stratosphere's mysterious cosmic rays.

The "packages" were to be cut loose late today. Scientists figured they would parachute to earth near Lake Michigan, probably in eastern Illinois or in Indiana.

A truck will rush the equipment back to the University of Iowa, where scientists will study its recordings in hopes of discovering the secret of the nuclear particles from outer space which travel with thousands of times more energy than that generated in the world's most powerful "atom smasher."

The balloon is 250 feet long and 150 feet in diameter, and is made of polyethylene plastic.

It is the first of three scheduled to be sent into the atmosphere

STEPS TO STARDOM — Pixyish Shirley MacLaine—singer, dancer, actress — has reached stardom the fairy-tale way. She's one of those understudies who replaced the star only to become one herself. And she did it twice. The first time she replaced star Carol Haney, who broke her ankle on the third night of Broadway's "Pajama Game." Movie producer Hal Wallis was in the audience, and Shirley was soon signed by him to a movie contract. Then she stepped into Betty Grable's shoes for a big TV show when Betty became ill. TV stardom followed.

U. S., Russian Churchmen Discuss Mutual Problems

MOSCOW (U.P.) — Nine Protestant churchmen from the United States sat down with Russian Orthodox churchmen today for a wide-ranging discussion of mutual problems.

Dr. Eugene Carson Blake, president of the National Council of Churches of Christ in the United States, headed the Western dele-

gation of laymen and clergymen.

The meeting took place at the residence of Patriarch Alexei, with his assistant, Metropolitan Nikolai, leading the Russian group.

Blake said he hoped the American visit, which will be returned by a Russian religious delegation to the United States in June, would "contribute toward better understanding many problems confronting churches in these perilous days."

The discussion was aimed at providing better understanding between the two groups of each other's position on peace, religious freedom and science.

Blake said that although the

United States and Soviet Russia are divided ideologically, the churches in both countries have much in common since they "look to the same Lord and Master."

Shotgun Blast Misses Federal Judge Frank Picard

BAY CITY, Mich. (AP) — A federal judge known for his decision in the portal-to-portal pay case narrowly escaped death Monday when an escaped mental patient fired a shotgun blast into a courtroom here.

The blast missed Judge Frank A. Picard by inches and left an ominous pattern on the stone wall behind his head. Stanley Wloch, 68, was seized immediately by an FBI agent whose office was nearby.

The elderly farmer told Picard he could have killed him if he wanted but only sought publicity. "I thought if I shot at you and missed, you'd sue me and I'd get some publicity for my case," Wloch said.

Wloch was committed to a mental institution in 1950 after he was charged with sending postcards bearing "libelous, scurrilous and defamatory language" to Picard.

The judge had dismissed an action brought by Wloch in 1946 to recover a farm from his divorced wife.

Dulles Arrives In Thailand

BANGKOK, Thailand (AP) — Secretary of State John Foster Dulles arrived here today from Jakarta, Indonesia, for a one-day visit in Thailand.

Before leaving Jakarta Dulles told a news conference he had invited President Sukarno of Indonesia to visit the United States. Premier Pibul Songgram welcomed Dulles to Thailand, thanked him for past American assistance and said Thailand is a staunch friend of the United States and the entire anti-Communist world.

Dulles regretted that his stay here would be short, but pledged continued American aid to Thailand, a key member of the SEATO treaty grouping.

Guided Missile Command Now Part of Fleet

ABOARD GUIDED MISSILE CRUISER BOSTON (AP) — The first sea-going guided missile command — forerunner of many planned by the U. S. Navy — went into action today off Guantanamo Bay, Cuba.

The command is part of a mighty American fleet now on maneuvers in the Caribbean.

Task forces made up of missile ships and Forrestal class carriers will be the "Sunday punch" of the new atomic-age Navy.

Rear Adm. Arleigh Burke, chief of naval operations, told newsmen Monday night aboard the super-carrier Forrestal that the first atomic-powered carrier may join these task forces by 1961.

Rear Adm. John H. Sides' missile command comprised the heavy cruiser Boston, bristling with Terrier guided missile launchers, and the tactical command ship Northampton, rigged with the world's largest sea-borne radar. The new command will be joined later this year by another missile cruiser, Canberra, scheduled for commissioning in the spring.

Sides, former Navy Department guided missiles director, took his ships out of Guantanamo Bay this morning for demonstrations of the deadly Terrier. The Terrier is a supersonic rocket which rides a radar beam toward targets up to 10 miles away.

Burke said the Boston is the first of "literally dozens that will don new armament" in the next five years.

The University of Illinois operates a fleet of 38 airplanes for aviation education and research.

FCC Asked to Reject Paducah TV Recommendation

WASHINGTON (AP) — The Federal Communications Commission Monday was asked to reject an examiner's recommendation in the award of a new television channel at Paducah, Ky.

The examiner recommended that Channel 6 be awarded to the Columbia Amusement Co., which operates a group of theaters in Paducah and vicinity.

Paducah Newspapers Inc., which is competing for the outlet, charged that Columbia is a dominant figure in entertainment in the area through its theater ownership.

Paducah, which publishes the Sun-Democrat newspaper and operates Radio Station WKYB in the city, claimed it was better qualified for the award by its experience in radio operation.

Cohnen to Manage Campaign of Carpentier Opponent

By United Press
Chicago (AP) — Chicago Ald. Nicholas J. Bohling has announced appointment of Le Roy Cohnen as downstate manager of his campaign for the Republican nomination for secretary of state.

Cohnen, Springfield, former employe under Secretary of State Charles F. Carpentier, who opposes Bohling, last month charged

Carpentier's employes were forced to contribute 2 per cent of their salaries to a Carpentier expense fund.

Carpentier said the contributions were voluntary and were used for charitable and social purposes. He denied any personal benefit from them.

Cohnen was fired from a public relations post with Central Illinois Public Service Co. after he made the charges against Carpentier at a Chicago rally. The utility said its employes were not allowed to engage in partisan politics.

TEXAS EASTERN SERVES THE COMPANIES THAT SERVE YOU

There's more than a mile of aluminum wire in a standard 3 foot by 5 foot window screen! Here, aluminum billets are being "homogenized" in a natural gas-fired furnace before rolling and drawing operations which produce screen wire. Kaiser Aluminum's plant at Newark, Ohio, is supplied gas by National Gas and Oil Corporation, a customer of Texas Eastern.

Natural gas transported from the Southwest via Texas Eastern pipelines is an important manufacturing tool for Kaiser Aluminum Company. Many critical heat-treating operations are necessary to produce screen wire 12/1000 of an inch in diameter from 200-lb. aluminum ingots. At Kaiser, furnace temperatures from 800°F. to 1500°F. are rigidly controlled and economically sustained — thanks to natural gas. Because of this clean and economical fuel homeowners can now enjoy the benefits of rust-proof aluminum screens.

Seymour Koenig, to Wrestle Here On March 24, Fought to Overcome Handicap

The wrestling program being sponsored in Harrisburg by the Lions club Saturday, March 24, will include a feature match—Hans Schmidt vs. Bill Melby—the co-feature—Rose Roman vs. Ada Ashe—and an All-Star Australian tag match, Rudy Kay and Zack Malkov vs. Seymour Koenig and Louis Martinez.

Koenig is said to have the best build of any wrestler in business today.

Seymour Koenig was born in the steaming asphalt jungle of New York's lower East Side during the depression—when survival was a constant and bitter struggle.

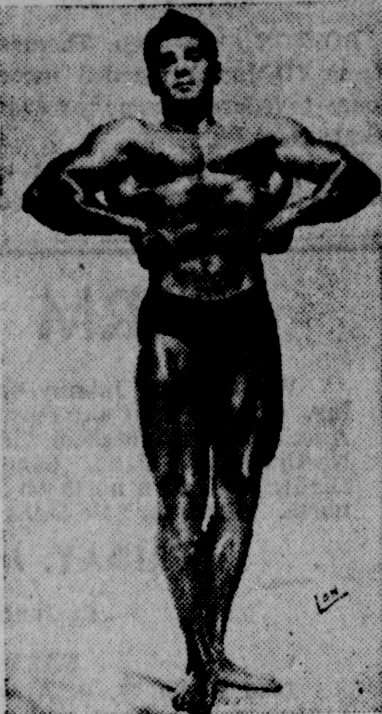

At birth he was the victim of a crippling disease and malnutrition, however, there was little or no money for the medical attention the sickly lad so sorely needed.

Needless to say, the emaciated boy was the constant butt of cruel pranks by the tougher guys in the neighborhood. So deep felt and lasting were these humiliations that Seymour vowed he would one day overcome his handicaps.

At the age of 14 he enrolled in the gym class of a settlement house. It wasn't long before the scrappy Seymour became the favorite of his instructors. Be it boxing, wrestling or weightlifting, he would never say die.

By the time he was 18, he could lift 340 pounds over his head. Today, Seymour can do a 205 pound curl; this gives him the claim to have one of the strongest pair of arms in the world.

It was in the settlement house that he got his big break. He reigned as its wrestling champion for several years in a row, until one day, word of his outstanding prowess and physical development

Seymour Koenig

reached the ears of New York mat promoters. Immediately a scout was dispatched to watch him in action.

The rest is history. Six foot, 220 pound Seymour Koenig is destined for big things in professional wrestling.

The matches in Harrisburg will be staged at Davenport gymnasium.

Tickets are now on sale at the Webster Pharmacy and Woolworth's. Ringside is \$2.50, reserved seats \$2, general admission \$1.50.

North Carolina State Loses in Four Overtimes

Bows to Canisius, 79-78, in NCAA Tournament Play

By United Press
A stunning four-overtime loss dealt to North Carolina State served warning today that it's "open season on favorites" as the NCAA basketball tournament moved to complete its round of action with a slate of four games.

The experts feel that anything can happen now, after N. C. State—the nation's No. 2 team in the regular season—bowed to Canisius, 79-78, in a first-round at Madison Square Garden, Monday night.

Other first-round victories were scored by Temple, Wayne University, Morehead State, and Seattle in play at three different sites. These teams earned berths in regional tournaments starting Friday, and will be joined there by the winners of tonight's four games.

Tonight's program:
At New York — West Virginia (21-8) is favored over Dartmouth (16-9) on the shooting of "Hot Rod" Hundley; Manhattan (16-7) is favored over Connecticut (16-9) on the strength of an overtime win in the regular season.

At Wichita, Kans. — Southern Methodist (22-2) a 10-point choice over Texas Tech (13-11); Oklahoma City (18-6) an eight-point choice over Memphis State (20-6) because of its height.

Here's how tonight's action will line up the Friday night regionals: At Philadelphia, Temple vs. Connecticut-Manhattan winner and Canisius vs. Dartmouth—West Virginia winner; at Iowa City, Kentucky-Wayne and Iowa-Morehead; at Lawrence, Kans., Kansas St. vs. Memphis St.—Oklahoma City winner and Houston vs. SMU-Texas Tech winner; at Corvallis, Ore., UCLA-San Francisco and Utah-Seattle.

But none of the favorites can feel safe after what happened to North Carolina State. Four times Canisius blew chances to win the game at the end of regulation time and the three overtimes. Then in the fourth extra session—a new record for the NCAA carnival—the Golden Griffins from Buffalo, N. Y., won the hard way on a driving shot by sub Fran Corcoran with six seconds left. John Maglio had seemingly won the game for State with a basket with 48 seconds left. Hank Nowak led Canisius with 29 points, while Ron Shavlik had 25 for State but failed to dominate the rebounding as expected.

At New York—Temple beat Holy Cross, 74-72, in a game that ended in a wild uproar. Fred Cohen's jump shot with six seconds left put the Owls in front, but Tom Heinsohn of Holy Cross came back with a driving layup—that officials ruled had come after the final buzzer. Temple was led by Hal Lear with 26 points. Heinsohn also had 26, but missed 21 of 28 shots.

At Fort Wayne, Ind.—Morehead missed the tourney scoring mark by one point in beating Marshall, 107-92, as the two-team total set a tourney record. Dan Swartz fired 39 points for the winning Eagles while Cabe Price led Marshall with 27.

Wayne, led by soph Clarence Straughn, handed De Paul an upset defeat, 72-63. Wayne, leading, 64-62 with 1:42 spurted to wrap up its 17th straight win and 18th in 19 games as Straughn led the firing with 27 points.

At Seattle, Wash. — Seattle held on to beat Idaho State by a surprisingly close, 68-66, score as a late Idaho State rally fell short.

Widow Sues Chicago Cubs For \$60,000

CHICAGO — Mrs. Irene R. Lowery of Elgin, Ill., filed suit against the Chicago Cubs for \$60,000 damages Monday in the death of her husband.

Lowery was killed in an auto accident April 24, 1955, while riding in a car driven by his brother, Charles, 28.

The suit contends that Charles was served intoxicating beverages at Wrigley Field and at a tavern after the game.

Under an Illinois law, families of victims of accidents caused by intoxication may file suit against parties who sold the alcoholic beverages.

Mrs. Lowery also asked \$120,000 damages from Joseph and Kate Aigner, owners of the tavern where she said her husband and Charles went after the ball game.

Nats Defeat Hawks, 97-92

By United Press
The Syracuse Nationals had the third playoff berth in the Eastern Division of the National Basketball Assn. just about locked up today.

The Nationals assured themselves of at least a tie for the spot Monday night when they beat the St. Louis Hawks, 97-92, while the Minneapolis Lakers downed the New York Knickerbockers, 102-80.

The Nationals can clinch the berth outright by beating the Boston Celtics Wednesday night. The Knicks play the Philadelphia Warriors the same night and must win even to stay in the running.

The Nationals overcame a 15-point deficit as Dolph Schayes scored 27 points and George King 25. Chuck Share had 30 and Bob Pettit 26 for St. Louis.

West Rockford-Galesburg Tilt Highlights Play at Eight Super-Sectionals

By United Press
Can Galesburg grab enough rebounds to keep Rockford West's giant Warriors from running away with the ball game? That was the question in the top game of the Illinois state high school "super-sectional" round tonight.

Galesburg's Silver Streaks are one of the two biggest hurdles left in West's bid for a second straight state championship. The other is expected to be Pinckneyville if both the Warriors and the Panthers can win tonight.

Rockford West and Pinckneyville would clash in the quarter-finals Friday at Champaign.

But Champaign still was a long way off as the 16 clubs left in the running lined up at eight sites for the first-round finals tonight.

It's Rockford West vs. Galesburg at Moline; Pinckneyville vs. West Frankfort at West Frankfort; Edwardsville vs. Effingham St. Anthony at Salem; Springfield Lanphier vs. Quincy at Springfield; Taylorville vs. Rantoul at Decatur; Oak Park vs. Chicago Heights Bloom at Hinsdale; Winnetka New Trier vs. Chicago Dunbar at North-western U.; and Peoria Central vs. La Salle-Peru at Peoria.

Streaks Live Up to Name

Galesburg's Silver Streaks have lived up to their name. Speed has been one of their main assets in compiling a 28-2 record. But the hopes of other teams that they could beat Rockford West by out-running them have been dashed during the last two years.

So Galesburg, if it has a chance of winning, probably will have to beat the Warriors at what they do best—rebound. The sterling rebounders on the Warrior quintet are Nolden Gentry and John Wesels, both 6-7, and Don Slaughter, 6-3. Bobby Washington, 6-1, and Tom Blake, 5-10, usually just wait for the ball to be tossed out. Rockford West's record is 24-1.

The Streaks have 6-5 Bill Granning at center, and good "little" men under the boards in guard Russ Lind and forward Jerry Odell, both 6-1.

At West Frankfort, Pinckneyville will be favored even though West Frankfort was one of three teams to beat the Panthers this season. On Dec. 23, West Frankfort dumped Pinckneyville, 69-63.

But the Redbirds lost 10 of the 30 games they have played while the Panthers have a 29-3 mark. West Frankfort will lean heavily on lanky Vlado Zravich, 6-5, to combat the always rough rebounding Pinckneyville crew.

Duster Thomas, "the sage of Beaucoup Creek," will have his tallest Pinckneyville team, with

center Alex Singer at 6-5 and the other four players all about 6-3. Neither team is gifted with height in the Edwardsville-St. Anthony game. Center Governor Vaughn, 6-3, is the big man for the Tigers, while St. Anthony's tallest man is Mike Schy at 6-2. But the Tigers average more than 6-1 while the Bulldogs are just under 6 feet on the average.

St. Anthony, the underdog, has the best record of this year's "Sweet 16," winning 29 of 30 games. Edwardsville has a 25-5 mark but has won its last 17 against stern competition.

Peoria Central's big Gene Toms, hard-driving Jim Polk and out-shooting Ron Hermann are expected to lead the Lions to victory over La Salle-Peru. But the Cavaliers can counter with center Bob Parnisari, 6-5, forward Bob Mueller and guard Tommy Shea.

Bloom Loses Top Scorer

Springfield Lanphier may be the best bet for an upset in the "super-sectional" round. The Lions will have considerable height on Quincy and have one of the best ball-handling teams in the state. But Quincy's smartly coached Blue Devils may work on Ivan Jackson, the 6-4 Lion center, an eager rebounder with a tendency to foul.

Chicago Heights Bloom's chances of success may have gone glimmering with the exit of their top scorer, Grady McCullum, who became ineligible at the age of 20 the day after the sectional. Bloom has to whip a fast, small, aggressive team in Oak Park but would have been heavily favored with McCullum.

Chicago's Public League champions, Dunbar, has lost only twice in 28 outings, and again Windy City fans felt it might be the year their representative whips the jinx that has kept Chicago from ever claiming the state crown. Dunbar has terrific shooters in 6-5 Melvin Davis and guard Alpha Saunders.

New Trier has John Magnuson, 6-3, leading suburban scorers and rated a top college prospect in the Chicago area, to pit against the Dunbar sharpshooters. New Trier will try to slow up the run-run-run Dunbar attack and set Magnuson up to put 'em in.

The Cinderella clubs will play at Decatur, Taylorville, 13-16, against a Rantoul club that everybody forgets about despite a 22-7 record. Taylorville can score, they've been over the 100 mark several times this season. But Rantoul has the height, with 6-7 Dave Moran and 6-3 Tom McGreal.

Driving beats Dreaming all Hollow—

If you want some real fun—

Come join Buick's THRILL-A-MINUTE CLUB

It's a car to start you dreaming, just to look at it. That's for sure.

But hop in—and feel the substance behind the dream. Feel the might and majesty at your command when you close your hands on the wheel and nose this beauty out on the road.

That's all you have to do to join Buick's Thrill-a-Minute Club. Your initiation is instantaneous.

You trigger that accelerator, and the thrills begin in earnest. That 322-cubic-inch V8 takes hold with a mighty surge of power that presses your shoulders into the back of the seat. New Variable Pitch Dynaflo*—with its gas-saving double-action getaway—telegraphs so much torque and thrust to the rear wheels so fast, you don't even have to switch the pitch!

In no time you're out where traffic's thinner, and you can try out that famous switch of the pitch for safer passing. Tromp the treadle—and Dynaflo unleashes a silk-smooth sweep of extra power that lets you

pass in less time than it takes to read about it.

Literally, there's a thrill-a-minute—and enough excitement in a Buick to keep you having fun for hours...

The fun of cradling round a curve without drift or sidesway...

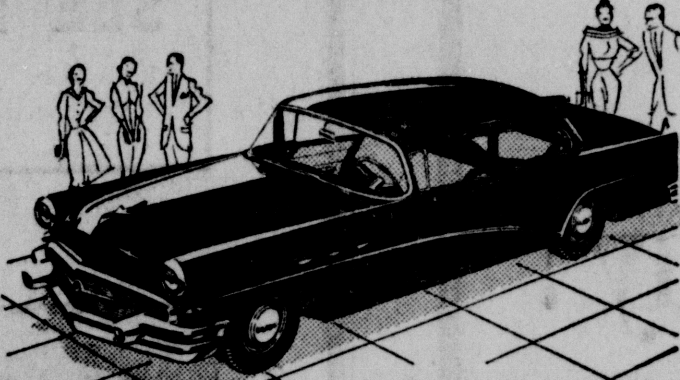

The fun of ignoring bad stretches of road as your Buick seems to take the tops off bumps, and fill the potholes...

Thrill after thrill that comes from the sum of a host of new improvements in the Buick ride.

But a catalogue of thrills can't begin to suggest the sheer pleasure you'll feel when you stop dreaming—or reading—and start driving.

Membership list in the Thrill-a-Minute Club is still open. Wide open. The cars are ready, and it's your turn. How about—right now?

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

Wyman Expects Toll Road Revenue to Pay For Bonds in 28 Years

CHICAGO (U)—The Illinois toll road network is expected to pay for itself in 28 years.

Austin L. Wyman, chairman of the Illinois Toll Highway Commission, gave that estimate to the City Club of Chicago Monday.

Wyman said he expects revenue

from the planned 193-mile system to pay off all bonds "on or before 28 years."

He said the estimate was based on revenue projections prepared by the commission's chief engineer, George L. Jackson.

The commission plans to launch construction on the three northern Illinois turnpikes shortly. It is being financed by 415 million dollars' worth of 40-year bonds, sold to a nationwide syndicate.

Plan Training Program for Non-Com Reserves

A program of paid training for non-commissioned officers of the Air Force Reserve and certain other qualified veterans may be started at Carbondale within the next few weeks.

Col. Carlin F. Fehrenbaker, commander of the 9639th Air Reserve Squadron, at Carbondale, said the program would be started if at least 20 reservists sign up for the course. The course would be given at Southern Illinois university and classes will probably meet twice a month.

Present members of the Air Force Reserve holding the rank of Airman 1-c through Master Sergeant are automatically eligible for the "Non-Commissioned Officers Leadership Course," Col. Fehrenbaker said. Air Force veterans discharged more than a year ago and veterans of other military services who were non-commissioned officers may be eligible under certain conditions to join the Air Reserve and attend the course.

One day's base pay will be paid for each two-hour class session. Complete information may be obtained regarding the course at the regular meeting of Flight D, 9639th ARS, Thursday, March 15 at 7:30 p. m. The flight meets upstairs at the VFW home.

House Committee Approves Military Construction Bill

WASHINGTON (U)—The House Armed Services Committee today stamped final approval on a \$2,100,000,000 military construction bill.

It provides only 18 1/2 million dollars less than the Pentagon requested.

The bill, which the committee approved 32-0, simply authorizes the construction outlays. Actual funds must be voted later in separate appropriations bills.

The largest share, \$1,100,000,000, goes to the Air Force. The Army would get 304 million dollars and the Navy 407 million dollars.

The bill also authorizes \$30,000,000 for emergency construction, \$300,000 more for overseas housing to be financed through the sale of surplus farm commodities. The measure includes an extra \$131,700,000 for increased costs of various Air Force projects.

More than 160,000 acres of land in Michigan is used for state parks and recreation areas.

More Senators Openly Endorse Sen. Johnson

WASHINGTON (U)—Two more Democratic senators today openly endorsed Sen. Lyndon B. Johnson (Texas) as a presidential possibility even though the Senate Democratic leader insisted he is not seeking the nomination.

Sens. Alan Bible (Nev.) and Russell B. Long (La.) both said they would support Johnson if the Texas delegation puts him up as a favorite son candidate at the Democratic National Convention.

"You can put me on his team any day in the week," Bible said. Long said he would "be inclined to vote for Lyndon Johnson unless he asked me not to."

The unorganized "boom" for Johnson, which started last week with suggestions that he be Texas' favorite son candidate, got a substantial boost Monday when several other Southern senators pledged their support to the lanky Texan if he wants it.

Johnson's associates insisted that he is discouraging any movement to place him in the position of a candidate, and Johnson himself said "I am not running for any office."

But he said that if Texas wants him to be a favorite son candidate, "I will make a prompt decision."

Bible was the first non-Southern to openly advocate Johnson for the party's nomination.

In answering reporters' questions Monday, Johnson made it clear that he has no intention of becoming a "third party" candidate. He said he expects to work for nomination of "the best possible candidate" and support the Democrats' convention nominee.

The suggestion that Johnson be a candidate was made last week by House Speaker Sam Rayburn and promptly followed up by Sen. Price Daniel (D-Texas).

The proposed candidacy was then warmly endorsed by Sens. Richard B. Russell (D-Ga.), George A. Smathers (D-Fla.) and Strom Thurmond (D-SC) during the weekend.

U. S. Steel to Boost Production

GARY, Ind. (U)—The U. S. Steel Corp. will beef up the annual steel-making capacity of its two huge Chicago-area plants by more than 1,200,000 tons.

Roger M. Blough, U. S. Steel board chairman, announced the expansion program Monday night, but declined to estimate how much it will cost.

Thinking It Over—For Lent

By Robert Dieffenbacher, D.D.

Written for NEA Service

Eavesdropping is a pastime which everyone enjoys at one time or another. Sometimes we blush at snatches of very personal stories being told. At other times we smile because of our own chain reactions set up by the stimulus of a casual remark.

A student riding on a bus was recently telling his companions about the courses he had been studying. "I'm all through with philosophy," he said. "I have just closed the book on logic."

If the casual but final remark had been meant as it sounded, we could well feel a shock of panic. Our philosophy, our beliefs, our application of faith and hope are the very bulwark of America. Our logic, based on clear thinking about spiritual and human relations, will keep America strong and will guarantee our future.

When we cease to have a belief in God, and when we act without His influence, we shall go the way of all egocentrics such as Napoleon, Hitler and scores of lesser men. All of them tried to order their little world within the confines of their small brains.

There is no better time to broaden the horizons of one's philosophy than now, as we look forward to Easter and its promise of a new life.
